KRONOS

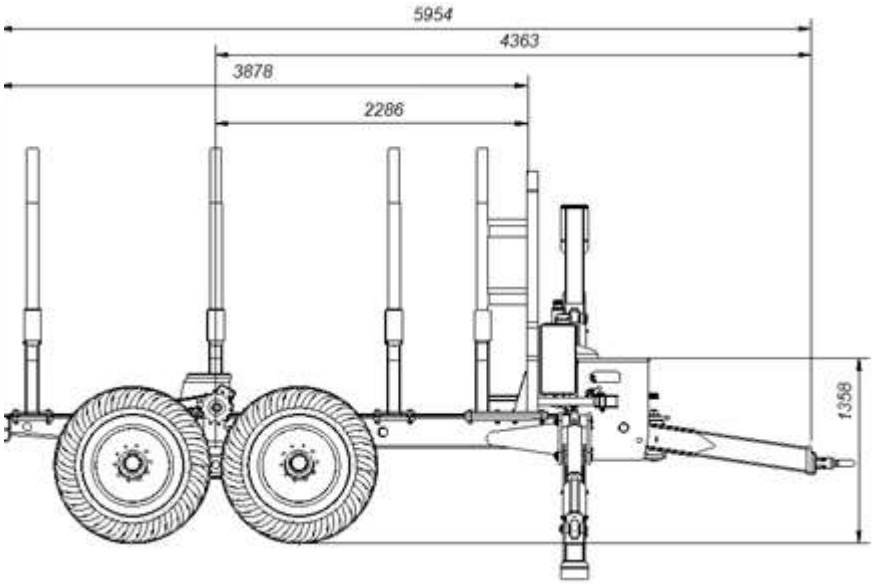

KRONOS 150 2WDH - Trailer

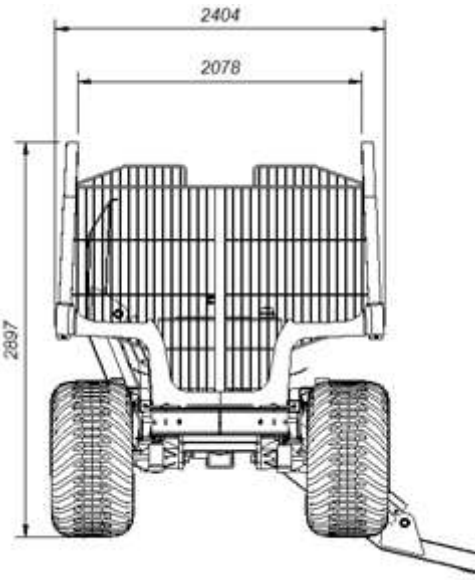

KRONOS-new 150 2WDH Hub-driven trailer. The model has two Black Bruin BB5 1600cm³ hub motors in the front wheels. There is an option for Rexroth 71cm³ pump including tank, which will take care of the required oil flow/pressure. The grip of the tires works smoothly, thanks to the automatically operated differential lock. You will have a possibility to choose between normal pulling power of 18 000N and a booster pulling power of 26 000N. Brakes can be chosen to front wheels or to front and rear wheels. We can deliver the trailer with hydraulic or pneumatic brakes
